This Sub-Grant Agreement (SGA) sets out the rights and obligations and the terms and conditions applicable to the grant awarded to the Beneficiary for implementing the Plan of Activities set out in **Annex 2 - Technical Annex / Proposal Description** under the SoS2LearnDBS 1st Transition Agendas Open Call (OC-TAg1-SoS2LearnDBS-2026).

By signing the SGA, the Beneficiary accepts the grant and agrees to implement the Plan of Activities, acting on their responsibility.

The present SGA does not create a joint-venture company and under no circumstances will it be considered as a holding between the parties. The responsibility of each Party is strictly limited to the conditions mentioned in this SGA, particularly the conditions of take by each Party to any other third party.

2. ARTICLE 2. Entry into force, implementation period and termination

The grant is awarded to the BENEFICIARY for implementing the actions as described in ***Annex 2*** - ***Technical Annex / Proposal Description.***

This SGA shall enter into force on the date of its signature by the last Party (the Contractor or the Beneficiary Coordinator). The effective execution start date of the project is **[DD/MM/YYYY].** The duration of the TAg action is **[4 to 12] months,** running from [Start Date] to [Completion Date: no later than 14 June 2028].

This SGA shall formally conclude upon one of the following conditions:

- Full approval of the final deliverables (including the Final Report and TAg Strategic Roadmap) by the Contractor and disbursement of the final balance payment.
- In the case of termination initiated by the CONTRACTOR under the conditions specified in Article 4. In this case, no other payment will be due by the CONTRACTOR to the BENEFICIARY, and all Parties give up any pursuit exercised against one or several other Parties for a direct or indirect damage incurred by the partial or total non-fulfilment of the measures of the present SGA.

3. ARTICLE 3. Obligations and responsibilities

3.1 Obligations and responsibilities of the contractor

The CONTRACTOR, or another partner of the SoS2LearnDBS project nominated by it, shall monitor the execution of the Plan of Activities, acknowledge receipt and validate the content of the planned deliverables. The CONTRACTOR will also manage the related payments to the BENEFICIARY within a maximum of 90 days after validation.

3.2 Obligations and responsibilities of the Beneficiary

The BENEFICIARY shall take every necessary precaution to avoid any risk of conflict of interest relating to economic interests, political or national affinities, personal or any other interests liable to influence the impartial and objective performance of the *Plan of Activities*. In case the BENEFICIARY is involved in a conflict of interest or in a risk of conflict of interest, it must formally notify this situation to the CONTRACTOR without delay and immediately take all the necessary steps to rectify this situation.

The BENEFICIARY is responsible for any act or omission that causes damage to the CONTRACTOR, other partner of SoS2LearnDBS consortium and/or the European Commission in relation to this SGA.

The BENEFICIARY shall bear sole responsibility for ensuring that their acts within the framework of this SGA do not infringe on third parties' rights. Neither the CONTRACTOR nor the European Commission can be held liable for any acts or omissions of the BENEFICIARY in relation to this SGA.

The BENEFICIARY must set **internal arrangements** regarding their operation and co-ordination, to ensure that the action is implemented properly. If necessary, the BENEFICIARY can set these arrangements in a written **consortium agreement** to be discussed, agreed and signed solely by the BENEFICIARY Parties, covering for instance more details on the internal organisation of the consortium, additional rules on rights and obligations related to background and results, settlement of internal disputes, liability, indemnification and confidentiality arrangements between the Parties, etc. The internal arrangements must not contain any provision contrary to this SGA.

The breach of the contractual obligations by the BENEFICIARY shall be determined by the CONTRACTOR.

If the BENEFICIARY is in breach of its obligations under this SGA, the CONTRATOR shall give written warning to the Beneficiary with a reasonable deadline to remedy the breach. If such breach is substantial and is not remedied within that period or is not capable of remedy, the CONTRACTOR shall be entitled to terminate the SGA and to reclaim all the disbursed funds.

Not participating in the actions foreseen for implementation of the Plan of Activities (unless in the case of Force Majeure) or participating in them in a manner which intentionally disrupts the expected outcomes, shall be deemed as breach of the contractual obligations by the BENEFICIARY.

The provision of false or misleading declarations by the BENEFICIARY or any unsolved situation of conflict of interest also constitute examples of breach of contractual obligations by the BENEFICIARY.

5. ARTICLE 5. Grant and Financial Provisions

5.1 Maximum Grant Amount

The maximum grant amount provided by the CONTRACTOR to the BENEFICIARY is EUR [AMOUNT REQUESTED BY BENEFICIARY] which corresponds to Funding Tier [1, 2 or 3] under the SoS2LearnDBS 1st TAg Open Call (OC-TAg1-SoS2LearnDBS-2026). 5.3 Suspension of payment of the grant

The CONTRACTOR may at any moment suspend, in whole or in part, the pre-financing payment or the payment of the balance for the BENEFICIARY:

- if the CONTRACTOR has evidence that the BENEFICIARY has committed irregularities, fraud or breach of obligations in the award procedure or while implementing the SGA;
- if the CONTRACTOR has evidence that the BENEFICIARY has committed systemic or recurrent irregularities, fraud or serious breach of obligations in other grants funded by the European Union awarded to the BENEFICIARY under similar conditions and such irregularities, fraud or breach of obligations have a material impact on this grant; or
- if the CONTRACTOR suspects irregularities, fraud or breach of obligations committed by the BENEFICIARY in the award procedure or while implementing the SGA and needs to verify whether they have actually occurred.

Before suspending payments, the CONTRACTOR must send a formal notification to the BENEFICIARY informing them of its intention to suspend payments, the reasons for suspension and, when applicable, the conditions that need to be met for payments to resume; inviting the BENEFICIARY to submit observations within 30 calendar days of receiving the formal notification.

If the CONTRACTOR does not receive observations or decides to pursue the procedure despite the observations it has received, it must send a formal notification to the BENEFICIARY informing them of the suspension of payments, the reasons for suspension, the final conditions under which payments may resume and, when applicable, the indicative date of completion of the necessary verification.

The suspension takes effect on the day the CONTRACTOR sends formal notification of suspension.

Otherwise, the CONTRACTOR must send a formal notification to the BENEFICIARY informing them that it is not continuing with the suspension procedure.

During the period of suspension of payments, the BENEFICIARY is not entitled to submit any request for payments nor supporting documents. The corresponding request for payments and supporting documents may be submitted as soon as possible after the resumption of payments or may be included in the first request for payment due following the resumption of payments.

The suspension of payments does not affect the right of the CONTRACTOR to suspend the project implementation or to terminate the SGA.

In order for the CONTRACTOR to resume payments, the BENEFICIARY must meet the notified conditions as soon as possible and must inform the CONTRACTOR of any progress made. If the conditions for resuming payments are met, the suspension will be lifted. The CONTRACTOR will send a formal notification to the BENEFICIARY informing them of this.

5.4 Use of the grant amount and recovery

The BENEFICIARY commits to the proper use of the funding, for the purposes of carrying out the Plan of Activities submitted and approved under the SoS2LearnDBS OPEN CALL (*OC-TAg1-SoS2LearnDBS-2026*), in compliance with its description in Annex 2, and in accordance with Annex 3.

The BENEFICIARY declares to be aware of the fundamental principle underpinning the rules for public expenditure in the European Union that no costs for the same activity be funded twice from the European Union budget, as defined in the Article 111 of Council Regulation (European Commission, Euratom) No. 1605/2002 of 25 June 2002 on the Financial Regulation. The BENEFICIARY also confirms that all the work performed under this SGA will be done exclusively in the scope of this programme, not being supported or funded by any other European Commission programme.

If, on the basis of an audit, the European Commission seeks to recover contributions from the CONTRACTOR that refer to financial contributions made to the BENEFICIARY under this SGA, due to a misuse of the funding received, the BENEFICIARY agrees to repay such amounts to the CONTRACTOR.

6. ARTICLE 6. Insurances

All Parties shall take out adequate insurance of all risks associated with the travels undertaken in the scope of the implementation of the Plan of Activities, and for any piece of equipment they might bring respectively into the implementation of the activities.
